

## HLI/DLI HVAC Systems Program: FALL 2021

We are excited to announce the introduction of the **Havtech Learning Institute (HLI) and Daikin Learning Institute (DLI) HVAC Systems Program** to the associates and customers of Havtech, LLC, Thermaltech, LLC and Air Conditioning Equipment Sales, LLC.

### ABOUT THE PROGRAM

The Daikin HVAC Systems Program combines the knowledge and experience of Daikin's Principles of HVAC, Principles of Air Systems Design, Principles of Refrigeration, Principles of Chiller Plant Design, and Building Systems classes into one comprehensive program that uses a blended learning approach.

This blended learning approach utilizes both VIRTUAL and INSTRUCTOR LEAD (VILT) and SELF-DIRECTED methods to provide flexibility to complete the program, within the allotted time frame.

This program is geared towards those new to the industry, as well as intended to be a refresher series for those who already have some HVAC knowledge:

- Engineers
- Building Operators
- Contractors

### HOW TO REGISTER

The **FALL 2021 Havtech Learning Institute (HLI) and Daikin Learning Institute (DLI) HVAC Systems Program** reached capacity within a week of registration opening. As future programs are developed, we want to capture your interest and provide you the early access to register. To add yourself to the list for first access of future programs, please follow the below:

- Go to [www.havtech.com/training](http://www.havtech.com/training)
- Scroll to the bottom of the page and locate the form for *Have Questions About An Upcoming Technical Training?*
- Enter the required contact information
- Under *How can we help*, select *I am interested in registering for future HLI/DLI HVAC Systems Program offerings*
- Under *Tell us a little more*, add any additional names to be included

We are grateful for the overwhelming interest in the Fall 2021 Program and look forward to adding future programs to the schedule.

Thank you,

Erin Cousler, Marketing Director
